

PRODUCT DESCRIPTION

The R600USB 2.0 speaker system produces deep rich audio quality and can be easily connected to any computer or monitor system via the USB cable. The 2-way wooden housed speakers are magnetically shielded to eliminate interference and are compact in size to ensure maximized space optimization for home or office. A wired multi function remote allows the freedom to operate the R600 USB with a click of a button.

FEATURES

- Two, 4 inch magnetically shielded subwoofers, encased in wooden ported cabinets to produce deep, rich audio quality
- Magnetically shielded, silk domed tweeters that ensure crisp, clear sound
- USB connecting cable located on the rear panel of the active speaker
- Wired remote controller attached to the back panel of the active speaker featuring volume control and mute function
- Auxiliary input to connect to additional host devices

SPECIFICATIONS

Total power output:	RMS 1.2W x 2
THD + N (testing level):	10%
Signal to noise ratio:	≥85dBA
Distortion:	≤0.2%
Input sensitivity:	100mV ± 50mV
Input impedance:	10KΩ
Audio input type:	USB, Auxilliary
Adjustment:	Volume control adjustment, mute button
Subwoofer / bass unit:	4 inch (106mm), Magnetically shielded, 4Ω
Tweeter unit:	13mm silk dome magnetically shielded driver, 4Ω
